

110th Anniversary

**STELVIO**

TIMELESS PASSION

## PASSION AT THE CENTER OF EVERYTHING.

From a simple sketch in search of the unique vehicle, Stelvio has evolved into something greater. Equipped with the latest technology, Stelvio is reestablishing itself as one the most sought after and award-winning SUVs in its category. As always, it delivers unrivaled performance and driving pleasure that can only be attributed to the style and work of Alfa Romeo.

# FOR AN IRRESISTIBLE PERFORMANCE.

Stelvio delivers on the longstanding Alfa Romeo promise of mechanics that create beautiful emotions, enabled by a series of exclusive patented technologies. All of these systems work together with the exclusive Q4 all-wheel drive technology, the Integrated Brake System (IBS), and the Chassis Domain Control (CDC). As the brain of all the systems, the CDC's only function is to monitor and analyze road conditions and react immediately by changing the vehicles behavior when needed.

## **Q4 TRACTION**

The Q4 system increases the excitement of the signature rear-wheel drive by being able to switch seamlessly into all-wheel drive without any driver intervention. Equipped with the active transfer case and specific front differential, Stelvio can sense when to shift and send torque to the front or rear axles. This technology guarantees impeccable performance on uneven roads or in unsavory weather conditions.

## **ALFA™ LINK SUSPENSION**

The all aluminum Alfa™ Link Suspension System ensures excellent dynamic driving behavior and unique handling. The front suspension features a double-wishbone system with semi-virtual steering axles that keeps the wheels perfectly perpendicular to the road even on the most intense curves. The rear suspension with its Multilink system with four and a half links guarantees the best of both worlds between lateral grip and comfort, on on uneven surfaces.

## **ALFA™ ACTIVE SUSPENSION**

The Alfa™ Active System dynamically adjusts the suspension response according to the driving conditions and the mode selected with the Alfa™ DNA selector : a softer shock absorbing setting for a more comfortable ride, or a more rigid setting for more precise sporty driving.

## 7" TFT INSTRUMENT PANEL

The 7" TFT display allows you to keep everything under control. The large screen lets you see important driving data, warnings and notifications from Stelvio quickly and easily and without having to shift your eyes.

## 8.8" MULTI-TOUCH DISPLAY

The new 8.8" Multi-Touch display is intuitive and reactive. With a few simple touches, organise your apps and widgets. Enhanced in every way, the large touchscreen creates easy viewing for maps, contacts and car performance.

- INTERACTIVE WIDGETS
- VISUALIZE FULL-SCREEN MAPS
- MANAGE THE VEHICLE'S PERFORMANCE
- IMPROVED INTERFACE FOR MORE INTUITIVE EXPERIENCE

## CRAFTED TO ENGAGE THE SENSES.

The curated details and premium materials work in harmony to bring together man and machine like never before. Comfort and luxury are a part of every finish such as wood surfaces, in walnut or oak, brushed aluminum, leather with Nappa finish and use of technical fabrics come together for an exceptional display of Italian craftsmanship to create a true oasis of comfort. Stelvio also maximises its SUV design with 525 liters of fully usable space that can even become greater by folding down any of the rear seats. Even if you have your hands full, open the tailgate by using the hands-free tailgate. If your key fob is close by, just pass your foot under the rear bumper, and the tailgate will automatically open.

# NOW YOU HAVE THE UPPER HAND.

Design and craftsmanship, combined with cutting edge technology, have brought to a redesigned and reorganised center console. Every component was designed and created to guarantee maximum efficiency and functionality.

## POWER

Experience the premium look and feel while you choose the driving style that fits you and your driving conditions best with the Alfa™ DNA selector: Dynamic, Natural and Advanced efficiency.

DNA

### DYNAMIC

Sharper throttle response, enhanced steering feedback, more reactive braking and performance shift-mapping for even sportier driving experience and pleasure.

### NATURAL

For perfect balance in daily driving, combining efficiency and comfort.

### ADVANCED EFFICIENCY

Engineered to maximise fuel efficiency and reduce fuel emissions.

## COMMAND

Manage and move through all of the various applications and widgets. Scroll through and change performance features, climate and connected services without ever having to touch the screen.

PREMIUM MULTIMEDIA SYSTEM ROTARY KNOB

## CONTROL

The newly redesigned center console features a leather-wrapped gear shifter delivers comfort and power as you change through gears.

LEATHER-WRAPPED SHIFTER

## RECHARGE

The new wireless charger is convenient and ready for those who are always on the go. No more cords and cables. Just place your smartphone in the charging area and you'll be at 100% in no time.

WIRELESS CHARGER

EXPERIENCE THE ESSENCE OF SOUND.

The enveloping nature of Stelvio is on full display with the Harman Kardon® Sound Theatre featuring 14 speakers (including a subwoofer) powered by 900 watts, through a 12-channel amplifier. It's an immersive sound experience that produces crisp and pure tones, the perfect accompaniment for any journey.

BEAUTY DRIVEN BY TECHNOLOGY.

In the age of technology, the new Alfa Romeo Stelvio has mastered the art of finding the balance of hands-on driving passion and cutting edge automated driving systems by achieving the second level of autonomous driving. Stelvio is now equipped with systems that intelligently monitor the vehicle's surroundings without ever taking away from the pleasure of driving.

Discover driving safety by Alfa Romeo through online video tutorials.

### LANE KEEPING ASSIST

Lane Keeping Assist alerts the driver if the vehicle is straying out of its lane and provides a corrective action to help automatically correct the vehicle's path and direct it back into the lane.

During long drives some times it is necessary to take a break. The Multi-Touch Display program monitors the movements of the vehicle and the drowsiness of the driver and warns him or her through alert signals and the symbol of a cup on the TFT display and encourages them to pull over and rest.

### DRIVER ATTENTION ASSIST

### AUTOMATIC HIGH BEAM

Outdoor light can change quickly, whether in a tunnel or because of sudden adverse weather or sunset. The Automatic High-Beam Headlamps automatically and quickly switch from high beams to low beams depending on lighting conditions.

The active cruise control allows you set your the cruising speed of your vehicle. It also automatically corrects itself when the speed changes or when the safe distance between two vehicles isn't respected.

### ACTIVE CRUISE CONTROL

This systems maintains the vehicle at a constant speed while descending by automatically operating the brakes. In this way, stability and safety are ensured even in conditions of poor grip on steep slopes.

#### HILL DESCENT CONTROL

The Autonomous Emergency Brake notifies the driver with visual and audible alerts when it senses a potential frontal impact. If the driver doesn't respond, and the risk of a collision continues, the vehicle can automatically brake and bring the vehicle to a full stop.

#### FORWARD COLLISION WARNING WITH AUTONOMOUS EMERGENCY BRAKE

#### ACTIVE BLIND SPOT ASSIST

There are portions in the rear of the vehicle that are commonly known as a blind spot, which is when another vehicle is there it is temporarily invisible to the side mirrors. The Active Blind Spot Assist continuously monitors the rear blind zones on both sides of the vehicle, alerting you when you are attempting to move into a lane that is already occupied. In addition to the alert, the system also delivers a steering correction to help avoid collisions with vehicles hidden in your blind spot.

# SUPER

## PERFORMANCE:

- Engine Capacity 2.0L MultiAir with Twin Scroll Turbo
- HP 280 hp at 5250 rpm
- Torque 400 at 2250 rpm

## SAFETY:

- Brakes - 4-wheel disc - front fixed caliper
- ABS + EBD + traction control + anti slip regulation + panic brakes
- Autonomous emergency braking (AEB)
- Front seat-mounted side airbags
- Front driver / passenger advanced airbags
- Front / rear side curtain airbags
- Blind spot warning + lane departure warning
- Alfa DNA vehicle dynamic control unlatched switch
- Start & stop EVO
- Front and rear parking sensor
- Hill descent control
- Electronic stability control (ESC)
- Driver attention alert

## EQUIPMENT & COMFORT:

- Headlamp beam height adjustment
- Automatic headlamps - dusk Sensor
- Functional LED lighting + LED taillamps / LED brake lamps
- Bi-xenon headlamps + headlight wipers
- 18" euroflange aluminum wheels luxury
- Tire pressure monitoring system - EVIC display
- Auto temp control - dual zone + rear Air Vents
- AQS air quality system function
- Leather wrapped steering wheel - w/control buttons
- Leather seats
- Power tailgate w/remote release - key fob button
- Sunroof with electrical drive
- Exterior door handle courtesy light
- Power folding heated autodimming outside mirrors
- 8 speaker audio system
- Carplay/Android auto - smartphone mirroring
- Engine sound enhancement
- 8.8" Color display multitouch with navigation
- 6-way power driver & passenger seat + 4 way lumbar (with memory)

# TECHNICAL DATA

TECHNICAL	2.0 Petrol 280 hp AT8 
No. of cylinders, layout	4, in line
Valves per cylinder	4
Displacement (cm³)	1,995
Max. power: kW @ rpm	206 @ 5,250
Max. torque: Nm @ rpm	400@2,250
Acceleration: 0-100 km/h (s)	5.7
Top speed (km/h)	230
TRANSMISSION	
Gearbox	8-speed automatic
Drive	AWD
CONSUMPTION AND EMISSIONS	
Emission standard	Euro 6d-TEMP
Fuel consumption - urban (l/100km)	8.8
Fuel consumption - extra-urban (l/100km)	5.9
Fuel consumption - combined (l/100km)	7.0
CO <sub>2</sub> emissions (g/km)	158
WEIGHT AND DIMENSIONS	
Kerb weight STD A (kg)	1,660
Height (mm)	1,632-1,693
Width (mm)	1,903
Length (mm)	4,687
Wheelbase (mm)	2,818
Load capacity (l)	525

The CO<sub>2</sub> and fuel consumption values are determined on the basis of the measurement / correlation method referring to the NEDC cycle as per Regulation (EU) 2017/1152-1153.

The CO<sub>2</sub> and fuel consumption values obtained according to applicable regulation are indicated in order to allow the comparison of vehicle data. The homologation values of CO<sub>2</sub> and fuel consumption may not reflect the actual values of CO<sub>2</sub> and fuel consumption, which depend on many factors related, by way of example but not limitation, to the driving style, the route, the weather and road conditions, the condition, use and equipment of the vehicle. The indicated value of CO<sub>2</sub> and fuel consumption refers to the versions of the vehicle with the highest and the lowest values. Those values may change with the subsequent configuration depending on equipment selected and/or size of tires selected.

The indicated values of CO<sub>2</sub> and fuel consumption are not definitive and may evolve as a result of changes in the production cycle; more up-to-date values will be available at the selected official dealer of the FCA network.

In any case, the official values of CO<sub>2</sub> and fuel consumption of the vehicle purchased by the customer will be provided with the documents accompanying the vehicle.

In cases where the values of CO<sub>2</sub> and fuel consumption are relevant for the purposes of calculating taxes and duties related to the vehicle, reference should be made to the applicable laws in each country.

*La meccanica delle emozioni*
